

---

My name is **Abdullah Abdul Rahman Abdul Fadel**.

I joined ALSondos Foundation for Orphans with special needs in 2020/10/10. **I'm four years old now.**

**Abdullah suffers from an intellectual disability and could not speak or move - after physiotherapy and speech therapy sessions, his condition improved but he still needs someone to help him when he moves.**

**He also became able to assimilate, understand, communicate and do simple actions on his own.**

**Abdullah would like to say:**

**♪ I really love to play the piano and listen to music. This is one of my hobbies, and I also love musical games very much ♪**

**My favorite colors are red and orange.**

**I love surrogate mother 'Summer' very much.**

**My favorite fruits are apple and grapes.**

**I am very happy when someone comes to visit me or play with me and I hope they spend more time with me.**

**Lastly I'm very thankful to be part of AISondos Foundation for Special Needs family, and thankful to all our sponsors.**
