

My name is Hani Sami Ibrahim Sami. I joined ALSondos Foundation for orphans with special needs in 2019/7/31. I'm seven years old now.

Hani suffers from mental and motor disabilities and he was unable to speak - after doing physiotherapy and speech therapy sessions, his condition has improved. He progressed mentally and began to be assimilated by others, to communicate with them and understand them. His ability to speak improved and now he is able to speak. He also progressed in his motor development and is able to walk without assistance.

Hani would like to say:

My favorite fruits are apple and watermelon

I love surrogate mother 'Asmaa' very much.

I love and enjoy playing biking and coloring - these things make me happy.

My favorite color is yellow.

Lastly I'm very thankful to be part of AlSondos Foundation for Special Needs family, and thankful to all our sponsors.
