

My name is **Youssef Hilal Hossam**. I joined ALSondos Foundation for orphans with special needs in 2020/11/4. **I'm three years old now.**

**Youssef suffers from a delay in the growth of white matter in the brain.**

**He also suffers from poor eyesight and needs to wear medical glasses.**

He suffers from slight weakness in the lower extremities and is subject to medical and therapeutic follow-up.

The adenoids and tonsils were operated on and he is in better condition now.

Youssef became able to stand and move on his own.

He is also able to pronounce some words.

**We are very happy with this progress.**

Youssef is still receiving speech and skill development sessions

**Youssef would like to say:**

I love and enjoy playing with colored cubes

Also I like to sing with cartoon songs and listen to them.

My favorite fruit grapes.

**I love surrogate mother 'naglaa' very much.**

I am happy with the people who come to visit me.

Lastly I'm very thankful to be part of AlSondos Foundation for Special Needs family, and thankful to all our sponsors.
