

My name is **Abdullah Ibrahim Amr**. I joined ALSondos Foundation for orphans with special needs in 2019/10/21. **I'm three years old now.**

Abdullah suffers from mental and speech disabilities and he suffered from nervous outbursts

He also suffers from nearsightedness in the left eye and retinal detachment in the right eye

Abdullah needs to wear medical glasses
he is undergoing periodic follow-up and
pharmacotherapy.

What makes us happy now is that he is able to
speak and communicate with us and express
his needs and also express what is around
him.

We hope that his abilities will improving even
more, so we are still keen on receiving to him
speech and skills development sessions.

Abdullah would like to say:

**My favorite games are the colored cubes and
coloring**

I love grapes so much- it is my favorite fruit.

I love my surrogate mom 'Engy' so much.

**Lastly I'm very thankful to be part of AISondos
Foundation for Special Needs family, and thankful to
all our sponsors.**
