

My name is **Karma Wael Ibrahim**. I joined ALSondos Foundation for Orphans with special needs in 2019/3/4. **I am two and a half years old now.**

**Karma suffers from a very small hole between the atria, but after periodic follow-ups, her heart condition has improved.**

**Karma's condition has developed til she is able to move, and we are very happy for her with this progress.**

**Now she is also able to communicate, talk to us, express what is around her, and interact with us as well.**

**She is still receiving speech and skill development sessions to improve her abilities.**

**Karma would like to say:**

**I love my surrogate mother 'Mayar' so much and I like playing with her.**

**I love orange very much, it is my favorite fruit.**

**My favorite color is red - I love anything in this color.**

**I love playing with colored cubes with others**

**And play with my doll**

**I also like to listen to children's songs and sing along with them**

**Lastly I am thankful to be part of AlSondos family for kids with Special Needs like me, and very thankful to all our sponsors.**
