

My name is **Malk Bassem Fouad**. I joined ALSondos Foundation for Orphans with special needs in 2016/8/23. I'm seven years old now.

I suffer from drooping of the upper eyelid in my right eye due to a disease called Myasthenia Gravis. I also suffer from intellectual disability and language delay. I need to

take necessary tests such as brain scans and speech development sessions.

I love drawing and coloring very much - coloring inspires me to do art and I am happy when I do this. My favorite color is blue - I feel happy when I see this color.
I also love puzzle games.

I love ice cream and nuts so much, and my favorite fruit is apple.

I like to be a leader in games. I love to be special too.

I love surrogate mother 'Doaa' so much.

Lastly I'm very thankful to be part of AlSondos Foundation for Special Needs family, and thankful to all our sponsors.
