

My name is **Rawan Mohamed Fattouh.**
I joined ALSondos Foundation for
orphans with special needs in
2020/12/1.
I am three years old now.

Rowan suffers from a small skull, which leads to mental and speech delays.

She also suffers from astigmatism in both eyes, (exotropia) and she is wearing glasses now.

On the positive side, in the case of **rawan**, she is now able to pronounce some words, carry out some activities, and understand some of our words to her.

She is still receiving speech and skill development sessions

Rawan would like to say :

I love my surrogate mother '**shimaa**' so much

I like people who smile at me

My favorite color is red

I love grapes so much it's my favorite fruit.

Lastly I am thankful to be part of AlSondos family for kids with Special Needs like me, and very thankful to all our sponsors.
