

My name is **Aya Muhammad Abdullah**. I joined ALSondos Foundation for orphans with special needs in 2020/2/6. I am a year and a half old now.

**Aya suffers from a delay in the growth of white matter in the brain, which leads to motor delays. Her condition has improved and she is able to walk on her own, as those around her encourage her to walk.**

**She also started to pronounce some words that she hears and understands.**

**Aya would like to say:**

**I also like to imitate the movements of the people I love like my favorite surrogate mother "Donia"**

**My favorite game is to put together colored cubes.**

**I like to collect my favorite color "yellow".**

**My favorite fruit is banana.**

**Lastly I am thankful to be part of AlSondos family for kids with Special Needs like me, and very thankful to all our sponsors.**
